Front-end developer with over 3 years of experience in recruiting, seeking a challenging position in a dynamic company where I can leverage my technical and communication skills.

ABOUT ME

Professional with over 3 years of experience in management and recruiting, and a passion for web development. With a solid background in this field, I have developed exceptional interpersonal, **communication, leadership, teamwork**, and third-party providers management **skills**. Seeking a position as **web develope**r to capitalize on experience with JavaScript, React, Next.js, Node.js, Express, MongoDB, and PostgreSQL. I bring a strong sense of commitment, dedication, and adaptability to every project I undertake. Passionate about using technology as a driver of success in any sector, I firmly believe in continuous improvement.

PROFESSIONAL EXPERIENCE

RUN THE CODE | Full-Stack Developer | 2023
- **Led a 3-member team** responsible for the design, layout, and **front-end development** of a website, proposing the implementation of agile methodologies as a work strategy.
- Developed and **implemented the backend** for products with a MySQL database, including controllers and routes, for an e-commerce platform.
- Technologies used: JavaScript, React, Python, MySQL.

Car Hub | Full-Stack Developer | 2023
- Developed a Next.js application, consuming data from two different APIs, including integrated pagination, filtering, and search functionality.
-Technologies used: Next.js, Tailwind CSS.

WORK EXPERIENCE

Mr. Cabeza Lapiz | Front End Developer | June 2023 - current
